Exercițiul 1 – Completează povestea

Citește introducerea și povestea de mai jos și completează spațiile libere cu verbele din caseta din dreapta. Folosește Present Simple (forme corecte pentru I / he).

Every day in my family starts differently for each of us. I have my own routine, and my brother has his, and they almost never look the same. That's why our daily schedules feel like two separate little stories.

Paragraph 2 — I

I usually _____ at 7 a.m., and the first thing I do is _____ a quick cup of coffee.

I _____ my messages, then I _____ preparing for school.

I always _____ the house around 7:45 because I _____ to walk slowly and enjoy the quiet morning.

During the day, I _____, teach, and work on different projects.

In the afternoon, I often _____ my friends or _____ something relaxing.

I usually _____ around 6 p.m., cook something simple, and finish my homework or plan lessons for the next day.

Paragraph 3 — He

My brother, on the other hand, _____ much later.

He normally _____ the news, _____ a big breakfast, and _____ at his computer around 10.

He _____ most of the afternoon gaming or working on tech projects.

In the evening, he sometimes _____ with friends or _____ food online because he _____ cooking.

He usually _____ from home and _____ after midnight, while I'm already asleep.

Even though our days are different, we still find time to talk, laugh, and share small moments. And maybe that's what really matters in a family.
